HUSBAND A WITNESS FOR MAN WIFE SUES AS JILT

Prof. Walter Says He Learned of Action Against Dr. Griffin After His Engagement.

The husband who is accused yesterday as a witness for the defense in the case of Dr. Griffin's alleged seduction of his wife, Mrs. Griffin, who is now suing him for \$25,000, learned of the action against him after his engagement to Mrs. Griffin.

"Why should I feel so worn out?"

Does the slightest effort leave you utterly exhausted?

After a day at the office, an afternoon of shopping or even an hour's work about the house, are you so dead tired that when you sit down you feel as if you could never get up again?

Are you slowly giving way under the strain of beginning each day tired? If you are, take warning in time; fatigue is wrecking your health.

One big factor in producing fatigue is the constant pounding of your hard leather heels on a dull harder pavement.

With every step you take, you are needlessly draining away your nervous force.

Make this change and note the instant relief

Begin today to save your strength by taking this needless strain off your spine. Put soft, springy O'Sullivan's Heels on your shoes—notice the difference they make. They eliminate the daily jolt and jars that sap your energy. They give relief at once.

Have your shoes fitted with O'Sullivan's Heels and save the strength you have been wasting.

O'Sullivan's Heels are guaranteed to outlast any other heels. They will last three times as long as leather heels, and will give uniformly satisfactory service to the very last.

Because of our special process, O'Sullivan's Heels combine the greatest durability with the greatest resiliency. They are made of perfect heel material.

Buy your new shoes O'Sullivanized. Good dealers sell the latest style shoes with O'Sullivan's heels already attached. Have O'Sullivan's put on all your shoes today.

In black, white or tan for men, women and children. Insist on O'Sullivan's and avoid the disappointment of substitutes.

GOETHALS BEGINS NEW DUTIES WITH \$28,000,000 JOB

Canal Builder Elected President of the Wright-Martin Aircraft Corporation.

Gen. George W. Goethals, builder of the Panama Canal, has been elected President of the Wright-Martin Aircraft Corporation, which has received a \$28,000,000 contract to build airplanes for the United States Government. The contract calls for 1,000 Hispano-Suiza motors of 200 horse power each and 1,000 motors of 150 horse power each, with spare parts, as well as complete airplanes built under the Wright-Martin patent.

Gen. Goethals' statement of acceptance of the Presidency to the directors of the corporation included the following:

"I have also seriously considered and discussed my acceptance of the position to which you have elected me, and I have accepted it with the view of doing some work that will be useful and assist in the prosecution of the war. My acceptance is from a sense of duty, and for such time as I can be helpful, or during the period of the war."

At a meeting yesterday the Wright-Martin directors authorized Gen. Goethals to go ahead on the enormous building programme at its plants, of which the chief one is at New Brunswick, N. J. At this plant ten motors are now being turned out every day, but the capacity is to be increased to fifty motors a day.

The Government has practically decided to confine itself to the new Liberty motor and the Hispano-Suiza motor, with which all the French battleplanes are equipped. One of these motors drove the plane that recently made the American record of 23,000 feet altitude.

J. F. Alvord became President of the Wright-Martin Corporation about six months ago to reorganize its finances. These have since been placed on a strong basis, so yesterday Mr. Alvord resigned and Gen. Goethals succeeded him.

The announcement of the change caused much interest in financial circles.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

If cross, bilious, sick, feverish, or full of cold, take no chances.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advt.

THE NEW PLAYS "Tiger Rose" Graphic Melodrama BY CHARLES DARNTON

\$800,000 RAISED SO FAR FOR WAR LIBRARIES

Manager of Campaign Expects \$1,500,000 New—New York Is Behind Quota.

Harold Bradstock, manager of the campaign to raise \$1,500,000 for war libraries, said word from Washington yesterday that contributions from all sources amount to \$800,000. Many places have subscribed more than their quota.

Mr. Bradstock's message said members of the Library War Council expect the fund to reach \$1,500,000. Chicago has raised \$50,000 and Boston \$40,000. New York subscriptions so far amount to about half of the prescribed quota of \$250,000.

James K. Pryor, on hearing this report, said the volunteer committee that has undertaken to solicit subscriptions from the wealthy, of which he is a member, had been hampered by the absence of many prominent people at their country places and by the intensive campaign for the new Liberty Loan.

He sent out letters to some of his rich friends, and said he expected sufficient returns to him and his associates to complete the city fund in two or three days. He hopes the city's backwardness will also be offset by a flood of dollar subscriptions.

The Municipal Reference Library group turned in \$3,000 yesterday. William H. Nichols gave \$500, Adrian Lewis \$250, John D. Ryan \$200, employees of the Federal Reserve Bank \$200, Thomas & Erwin, from collections, \$200; Charles Scribner's Sons \$250, and the Lafayette Avenue Presbyterian Church, Brooklyn, \$300. Among the other subscribers were the office staff of Blair & Co., Mrs. Mahel Choate, Charles A. Decker, Judge Wauhope Lynn and Lionel Sutro.

MRS. HANSON SCORES ON HER MOTHER-IN-LAW

Former Singer's \$100,000 Suit for Alienation Will Now Be Tried.

Henrietta Reutli Hanson, the singer, who married Walter Hanson, son of Mrs. Aimee Lathrop Hanson, the wealthy Brooklyn widow, yesterday succeeded in getting the stay in her damage suit against her mother-in-law vacated by Supreme Court Justice Hotchkiss. The case will now be brought to trial at an early date.

The younger Mrs. Hanson alleges that her mother-in-law alienated the affections of Walter Hanson and caused him to leave her. She brought suit some months ago for damages of \$100,000, but various technicalities have operated to delay a hearing of it.

The elder Mrs. Hanson late yesterday filed an application with the court declaring that she had opposed the marriage of her son to the singer because of the son's drinking habits and because of an alleged intimacy which existed between the son and the singer before their marriage.

Two other legal actions in connection with this case are now pending. One suit, brought by the mother in Columbia County, to annul the marriage of her son, is yet untied. A second action, brought by the son against his mother, to set aside the conveyance of certain property, has been tried in the Federal Court, but no decision has yet been rendered. Arthur B. Graham is attorney for the younger Mrs. Hanson and Henry Rockwood represents the defendant.

Women Doctors to Sail.
The first group of women doctors for the American Women's Hospitals that will be maintained in France by the Medical Women's National Association is to sail from an American port this week, and a "God-speed" will be wished by its members at a meeting held today at headquarters, No. 637 Madison Avenue.

To turn up a nose as far as the subject of the story is concerned. Melodrama makes its own rules. It is to the stage melodrama of the play, rather than the play itself, that makes "Tiger Rose" a melodramatic triumph. The fact is it not only goes but drags.

Between flashes of lightning the heroine and hero fight their way to a happy ending. You see it all in half-light, with a fog curtain that has no fourth wall, thanks to the director.

Lessons learned, who wringed painfully at first as the French melodrama became, made by way of a journey through scenes of "Tiger Rose" and held her breath accordingly. Willard Mack played a red-headed mountain with a good Irish accent. Thomas Pridley did excellent work as a stock factor. William Courtright was convincing as the doctor of the trading post, and Calvin Thomas gave authority to the hero of a picturesque, exciting melodrama.

WORK WONDERS.

Meat or Milk?

We Can Furnish Either

If milk is not consumed, milk cows are killed for beef. That's an economic law which is unfortunately inevitable. Even now the dairy cows are being killed faster than they are being raised.

Our cows are like any other part of our farm factors—just like a department in your business. They must pay at least cost or be killed, so that our energies can go into other departments of farm work.

Meat or Milk?

Meat is expensive. Milk at current prices is much cheaper than meat, eggs or fish. We eat too much meat—about twice too much the authorities say, for our well being. We consume too little milk—authorities agree on that.

We Can't Control the Cost of Milk

We can't keep down feed and labor costs and so we can't sell at lower prices than \$.0697 a quart for Grade B milk testing 3.6% butter fat.

We make 2/10 of a cent a quart—practically nothing. We have nothing to do with the retail prices or retail profits, but we do know this, that milk is cheap compared with meat and eggs or fish and we believe that when people understand how nutritious milk is comparatively, they will buy more of it.

Compare These Values

The black portion represents the part of a dollar necessary to buy an equal unit of food value. It's common sense war time economy to increase your milk order.

For Children—a Quart a Day

Less than that prevents proper growth and nourishment. Grown-ups consume about one-half as much of Nature's balanced ration milk as they actually need. Housewives should use milk freely and waste none of this valuable food. If cream is taken off, the skim milk is most valuable in building up nutriment and flavor in bread, cakes, soups, puddings. When milk sours make cottage cheese, a valuable food.

We court investigation and publicity. Our books and figures are always available.

It costs each of our members three cents a day to endeavor to save their herds and your milk through this advertising.
